

RAJU NUARDI AKBAR

Data Analyst | SQL • Excel • Power BI • Python (Pandas)
Informatics Engineering graduate with a strong interest in Data Analytics. Experienced in cleaning, processing, and analyzing data using SQL, Microsoft Excel, and Python (Pandas), as well as building interactive dashboards using Power BI and Looker Studio. Skilled in exploratory data analysis (EDA), data cleaning, and transforming raw data into actionable insights to support data-driven decision-making.

EDUCATION

Bachelor of Informatics Engineering – Universitas Putra Indonesia “YPTK” Padang | 2021 – 2025 | (GPA : 3,42/4.00)
Thesis: Decision Support System using the ELECTRE method for selecting outstanding students based on data-driven evaluation.

INTERNSHIP EXPERIENCE

Intern – Technology & Digitalization Division– Bank Nagari Main Branch Padang | 20 Agust 2024 – 20 September 2024

- Performed data cleaning and validation of customer data using Microsoft Excel to ensure accuracy and consistency before operational reporting.
- Designed and managed Google Forms as a complaint data collection system to improve monitoring efficiency.
- Developed a web-based complaint recap system to help the team monitor and manage ATM-related reports more effectively.

PROJECT EXPERIENCE

Supply Chain Dashboard – Power BI

- Power BI, Excel
- Conducted data cleaning and data modeling to build an interactive distribution dashboard.
 - Visualized key performance indicators (KPIs) and identified delivery bottlenecks to support operational decision-making.

Coffee Shop Sales Analysis – SQL

- MySQL / SQL
- Analyzed sales data using SQL queries (JOIN, GROUP BY, Aggregation) to identify trends, best-selling products, and peak sales hours.
 - Generated insights to support promotional strategy and inventory management.

E-Commerce Dashboard – Looker Studio

- Looker Studio, Excel
- Designed an interactive dashboard to monitor e-commerce performance metrics (conversion rate, AOV, customer retention).
 - Performed data cleaning to ensure accurate metric visualization for stakeholders.

TECHNICAL SKILLS

- Data Analysis & Querying**
- SQL (JOIN, GROUP BY, Aggregation, Filtering)
 - Microsoft Excel (Pivot Table, Lookup, Data Cleaning)

- Data Visualization & BI Tools**
- Power BI (Dashboard, Data Modeling dasar)
 - Looker Studio (Interactive Reporting)

- Programming**
- Python (Pandas, Matplotlib – Exploratory Data Analysis)

CERTIFICATIONS

- Data Analytics & Visualization – DSAREA (2025–2026) | Grade: A**
Excel & Database Training – Coding Studio (2025)
- Excel Intermediate
 - Fundamental Excel
 - Database Application
 - Fundamental Algorithm

PENGALAMAN ORGANISASI DAN KEPANITIAN

- Head of Informatics Student Association – HMJ Teknik Informatika | Periode 2024/2025**
- Led and coordinated over 50 members in executing annual work programs.
 - Supervised routine activities and supported organizational administration.
- Chairperson – General Assembly Committee– Himpunan Mahasiswa Jurusan Teknik Informatika | Periode 2022/2023**
- Led the execution of a major student assembly event and coordinated committee members.
 - Managed event planning and ensured smooth implementation.
